POSTKART

The Time of the Plum Blossoms. As a nation, the Japanese are essentially a flower-loving people; they will tramp miles through drenching rain or under a hot sun—whole families of them, young and old, rich and poor—for their "flower viewing," and in the month of March it is their favourite plum blossom which is the object of their holiday-making, and, indeed, the mass of pink and white is a sight worth seeing.
